

## Candy Jars - Valentine's Day

### YOU WILL NEED:

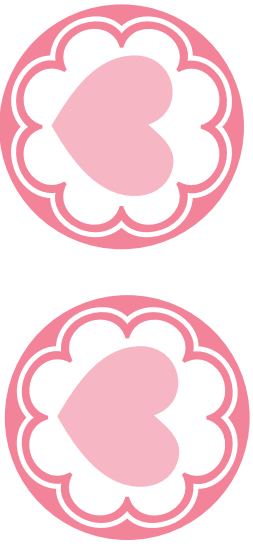

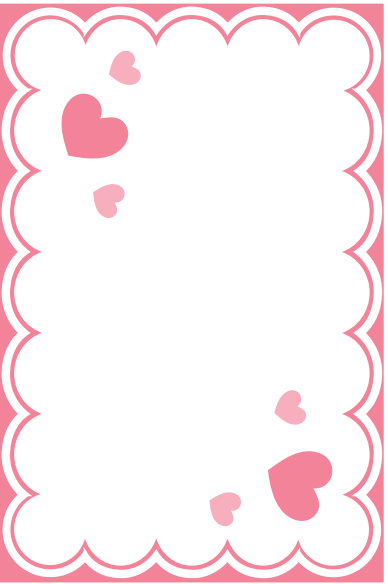

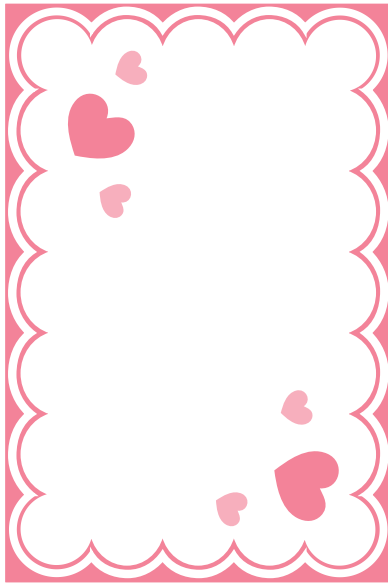

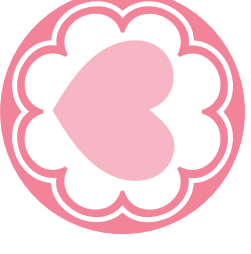

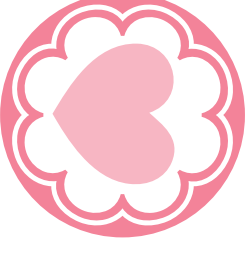

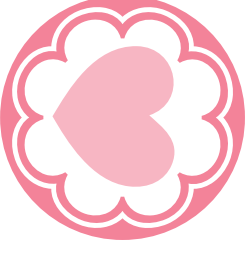

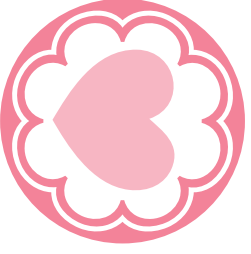

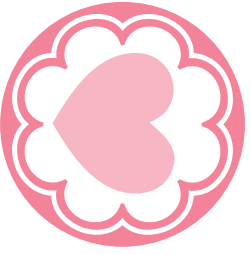

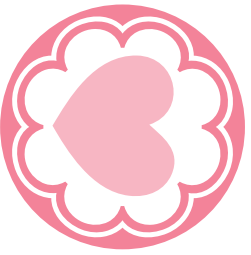

- Starbucks or Beaumont Coffee Bottles.
- Red or Pink Paint. (Or Both!)
- Paintbrush
- Sandpaper
- Scissors
- M&M candies or Conversation Hearts
- Stick glue
- Printer and Paper

### INSTRUCTIONS:

- 1.) Remove the labels from the used jars. (The Beaumont Coffee brand from Aldi is shrink-wrapped on, and comes off very easily.) Wash in dishwasher on the bottom rack with lids.
- 2.) Use a semi-fine grit sandpaper to scuff up the metal lids. Clean the dust off, and paint with your desired paint color. (This may take several coats)
- 3.) Once dry, fill the bottles with the candy of your choice.
- 4.) Print the labels on regular paper. Cut out the labels and the lid decals.
- 5.) Using a stick glue on the back of the label, adhere to bottle.
- 6.) Once lid paint is dry, apply stick glue to back of lid decal and adhere.
